

Meet Your Broker

Christine Lacy has been helping employers affordably take care of their people since 2011 as founder and president of Deer Hollow Benefits.

Her approach to helping businesses and employees make sound decisions regarding their health benefits is to treat people with dignity and respect.

Christine graduated Cum laude from Santa Clara University Law School, is certified as a woman-owned business, supports women's rights groups, and belongs to various Bay Area Chambers of Commerce.

Christine was born and raised in San Francisco. However, she raised her three grown children in Danville, CA, alongside her adoring husband. Christine loves traveling and enjoys hiking while absorbing the beauty of nature. If she's not spending time with her family and Golden Doodle, Jagger, Christine is probably hanging out with friends – some of whom were clients first.

"I chose Christine because she had the most to offer us. She had great customer service and she had great customer service representatives, which is something that you don't always find in a benefits broker ... She has done an amazing job getting all of our benefits in order ... She's helping us negotiate basically everything! ...it's always been a pleasure to work with [her] and I can't wait to see what the future brings..."

Health Benefits for Smart Business Owners

You are in a competition to find the best talent for your business. Offering health benefits will put you in the top running to attract your ideal employees.

Why work with a broker instead of the insurance directly?

- Lower cost

A health insurance broker partners with your business to negotiate plans and rates that you wouldn't have access to on your own

- Convenience

We do all the benefit plan administration including:

- Bill Reconciliation
- Claims Assistance
- Enrollment
- Termination
- Yearly Enrollment Meetings

What's the process?

Step 1

We learn about your overall business, employees, and goals.

Step 2

Match you with the best quote to fit your goals.

Step 3

We present coverage options and enroll your employees.

Step 4

We continue to seek the best plans and pricing for your business.
